| Sr. No. | Name of shareholder | % of shareholding |
|---------|---------------------|-------------------|
| 1       | Bhavesh Sanghvi     | 96.65%            |
| 2       | Ankush Shah         | 2.04%             |
| 3       | Grishma Shah        | 1.31%             |

Mr. Bhavesh Sanghvi, Mr. Ankush Shah, and Ms. Grishma Shah are the Directors of Growthfiniti Wealth Private Limited. The background of these directors is as follows:

i) **Mr. Bhavesh Sanghvi**

Mr. Bhavesh Sanghvi is a distinguished financial services professional with a rich career spanning over 36 years, including more than 22 years of expertise in the financial services and wealth management industry. He holds a Master's degree in Marketing from NMIMS (2002) and has further honed his leadership and strategic acumen through the Executive Program in Management at the prestigious Columbia Business School (2014-15).

#### Professional Journey& Key Accomplishments

Throughout his career, Mr. Sanghvi has been instrumental in driving growth, fostering innovation, and establishing strong client relationships in the wealth management domain.

- Aditya Birla Finance Ltd.

Mr. Sanghvi played a pivotal role in the success of Aditya Birla Finance Ltd., where he served for over 16 years in Senior Management, leading the Wealth Management division. Under his leadership, the firm expanded its client base, introduced innovative investment solutions, and strengthened its position as a leading player in the wealth management space.

- Emkay Global Financial Services Ltd.

In 2018, he was appointed Chief Executive Officer (CEO) of the Wealth Business at Emkay Global, where he spearheaded strategic initiatives, enhanced operational efficiencies, and led the business towards significant expansion. His tenure saw substantial improvements in client engagement, asset growth, and market positioning, reinforcing Emkay's presence in the wealth management industry.

Growthfiniti Wealth Pvt Ltd.

In August 2022, Mr. Sanghvi took on a new leadership challenge by joining Growthfiniti Wealth Pvt Ltd. as Director & CEO. In this role, he continues to leverage his vast experience to build and scale the company's wealth management business, focusing on delivering personalized investment solutions, fostering a client-centric approach, and implementing cutting-edge financial strategies to maximize value for clients.

Industry Impact & Leadership

Beyond his corporate roles, Mr. Sanghvi is recognized for his deep industry knowledge, strong leadership, and ability to adapt to evolving market trends. He has successfully led high-performing teams, navigated market cycles, and driven business transformation in a highly dynamic financial landscape.

His expertise spans investment advisory, asset management, private banking, financial product innovation, and client relationship management. He has also been a key figure in developing strategic frameworks for wealth creation and financial planning for high-net-worth individuals (HNWIs) and institutional clients.

Conclusion

With a stellar track record of leadership, Mr. Bhavesh Sanghvi continues to shape the wealth management industry with his strategic insights, client-focused approach, and commitment to excellence. His vast experience and forward-thinking mindset position him as a respected and influential leader in the financial services sector.

**ii) Mr. Ankush Shah**

Ankush Shah serves as a Member of the Board of Directors at Growthfiniti Wealth Private Limited, where he has played a pivotal role in driving the company's rapid growth, especially in the covid years. At present, apart from Growthfiniti, Ankush holds multiple board positions and senior leadership roles primarily focused on business consulting, delivery management, and expanding strategic partnerships across regions. He has transitioned into a leadership role centered on driving growth initiatives, scaling operations, and executing strategic plans to achieve organizational success.

**iii) Ms. Grishma Shah**

Ms. Grishma Shah has been associated with Growthfiniti since its inception as Director and served in various capacities including operations and compliance functions.

**a) Top 10 Group Companies/ Firms of the Portfolio Manager on turnover basis:**

The Portfolio Manager has no associate or group companies

**b) Details of the services and Investment approaches/strategies being offered:**

The broad details of the services are given as below:

**1) Discretionary Portfolio Management Services:**

In the case of discretionary portfolio management services, the Portfolio Manager shall independently manage the funds and securities of the Client in accordance with the provisions of the portfolio management service agreement. The Portfolio Manager shall have the sole and absolute discretion to invest on behalf of the Client in any type of security as per the executed agreement and make such changes in the investments and invest some, or all the funds, in such manner and in such markets as it deems fit. The Portfolio Managers' decision in deployment of the Clients' account is absolute and final and cannot be called to question or review at any time during the currency of the agreement or at any time thereafter except on the ground of malafide, fraud, conflict of interest or gross negligence. Investment under the portfolio management services will be only as per the applicable SEBI regulations. The un-invested parts of the Client's Funds may at the discretion of the Portfolio Manager be held in cash or deployed in liquid fund schemes, exchange traded liquid or index funds, debt-oriented schemes of mutual funds, gilt schemes, bank deposits, or other short-term avenues for investment. The Client's portfolios under the discretionary services are based on the Client's investment objectives and should not be construed as any scheme promoted by the company.

**2) Non-Discretionary Portfolio Management Services:**

Under this category, the Investment decisions of the Portfolio Manager are guided by the instructions received from the Clients under an agreement executed between the Portfolio Manager and the Client. The deployment of funds and/or securities is the sole discretion of the client and is to be exercised by the Portfolio Manager in a manner that strictly complies with the Clients instruction for execution. The decision of the client in deployment of Funds and/or securities and the handling of his/her/its Portfolio is absolute and final. The role of Portfolio Manager apart from adhering to investments or divestments upon instruction of the Client is restricted to providing market intelligence, research reports, trading strategies, trade statistics and such other material which will enable the Client to take appropriate investment decision. However, the Portfolio Manager will continue to act and be strictly guided by relevant guidelines, Acts, Rules, Regulations and notifications in force from time to time. For the purpose of acting on the

Client's instruction, the Portfolio Manager shall take instructions in writing or through any other medium mutually agreed such as e-mail, fax, telephone etc. and may include managing, renewing and reshuffling the portfolio, buying and selling the securities, keeping safe custody of the securities and monitoring book closures, dividend, bonus, rights etc. so that all benefits accrue to the Client's Portfolio for an agreed fee structure and for a definite described period, entirely at the Client's risk.

3) **Advisory Services:**

Under Advisory services, the Portfolio Manager in terms of the Regulations include the responsibility of advising on the portfolio strategy and investment and divestment of individual securities on the Clients' Portfolio, for an agreed fee and for a period as agreed, entirely at the Client's risk; to all eligible category of Investors who can invest in Indian market including NRIs, FIIs, etc. The Portfolio Manager shall be acting solely as an advisor to the Portfolio of the Client and shall not be responsible for the investment/ divestment of securities and/ or an administrative activity in the Client's Portfolio. The Portfolio Manager shall provide advisory services in accordance with such guidelines and/ or directives issued by the regulatory authorities and/or the Client, from time to time, in this regard. The Portfolio Manager shall not in any event and at any point of time be responsible in any manner whatsoever for any investment decision taken by the Client based on the investment advice provided by the Portfolio Manager. The Portfolio Manager may act upon any in-house research, commercially available databases & news services, external meetings and visits, third-party & broker research reports, publicly available information etc. Neither the Portfolio Manager nor any of its affiliates (nor any of their respective control persons, directors, officers, employees, or agents) shall be liable to the Client or to any other person claiming through the Client for any claim, loss, damage, liability, cost or expense suffered by the Client or any other person arising out of or related to the advisory services provided therein.

**DIRECT ON-BOARDING OF CLIENTS:** Growthfiniti Wealth Private Limited provides the facility for direct on-boarding of clients, i.e., on-boarding of clients without intermediation of distributors.

**4. Penalties, pending litigation or proceedings, findings of inspection or investigation for which action may have been taken or initiated by any regulatory authority.**

|         |  |     |
|---------|--|-----|
| i       | All cases of penalties imposed by the Board or the directions issued by the Board under the Act or Regulations made there under.   | Nil |
| ii      | The nature of the penalty/ direction.  | NA  |
| ii<br>i | Penalties imposed for any economic offence and/or violation of any securities laws.  | Nil |
| v       | Any pending material litigation/ legal proceedings against the Portfolio Manager/ Key Personnel with separate disclosure regarding pending criminal cases.   | Nil |
| v<br>.  | Any deficiency in the systems and operations of the portfolio manager observed by the Board or regulatory agency.  | Nil |
| v<br>i  | Any enquiry/ adjudication proceedings initiated by the Board or any regulatory agency against the portfolio manager or its directors, principal officer or employee or any person directly or indirectly connected with the portfolio manager or its directors, principal officer or employee, under the Act or Regulations. | Nil |

**(ii) Investment Strategies/ Approach:**

Investment objectives and strategies may vary from client to client. The investment objectives of the client are understood and captured from the application form and the client agreement. The application form/client agreement captures the client's expectation of returns and risk tolerance and other terms. Further, depending on the individual client requirements and specifications, the portfolio can be tailor made. The Portfolio Manager offers the following types of Investment Approaches/Strategies

Non-Discretionary and Advisory services are offered by us on basis of individual client needs. **Following portfolio approaches are being offered under discretionary and non-discretionary services:**

**1. Growthfiniti LEAD PMS Strategy – Equity**

**Investment objective:** The product seeks to achieve long term capital appreciation by predominantly investing in large, mid-cap and small-cap (Top 750 cos by market cap) high growth companies with a leadership trait in the sector. A pure bottom up, buy and hold flexi-cap strategy of around 20 to 30 high quality companies benefiting from one of the either investment themes like value migration, domestic consumption, high govt-private capex, exports and import-substitution.

This product is essentially for medium to long term investors, who want to build capital over a longer period of time (Three to Five years or more). Though medium term ideas are also considered, the emphasis would be to grow the capital over a longer periods of time. Investment shall be made in equities and equity related instruments. This product is essentially designed for medium to long term investment horizon investors. A balanced and well-diversified equity portfolio is created based on the research inputs (i.e quantitative as well as fundamental).

**Portfolio Composition:** The portfolio would primarily comprise of listed securities, ETFs and liquid / cash position (80-100%), but the Portfolio Manager may invest in other securities as Equity Funds as may be permissible under the SEBI (Portfolio Managers) Regulations 2020 and/or similar applicable regulation as amended from time to time.

**Portfolio selection:** The investment manager follows a well-structured research-led approach to investments involving back-testing of indices and models to test performance across different market cycles to identify long term performers on a risk-adjusted basis. The investment team has a focus on elements that aim to create long-term appreciation. In this context, it shall target indices/models that target to generate returns while managing volatility and downside risks.

**Portfolio Benchmark:** BSE500 TR Index

Since the portfolio is geared towards active portfolio management across the market capitalization and the index (BSE 500 TR Index) is the popular benchmark across market cap strategies, we believe that it is an appropriate benchmark.

**Investment Horizon:** Investors in this portfolio should have an long term time frame (Three to Five years or more).

**Risk Factors:** Detailed risk related to investment in the Investment Approach are included as a part of this Disclosure Document under point 6 (Risk Factors)

## 2. Growthfiniti Maximiser PMS –

**Strategy: FUND OF FUND(FOF)**

### **Equity**

**Investment objective:** The product seeks to achieve long term capital appreciation by creating a multi manager equity Mutual Funds portfolio.

**Portfolio Composition:** The portfolio manager will invest in the direct plans of the mutual fund schemes and ETFs. The portfolio follows a systematic asset allocation determined by the Black-Litterman model and selects mutual fund schemes and ETFs which offer the investor to have a fair balance between safety and growth. The portfolio invests in more than one mutual fund schemes and ETFS and the selection of the schemes will be at the sole discretion of the portfolio manager based on different parameters such as fund house credentials, corpus size of the fund, fund managers past track record and consistent performance of the fund. The portfolio manager seeks to identify large, midcap and small cap specialists by conducting on- site interviews with fund managers and analyzing their historical holdings. The portfolio consists of managers with varying style biases such as value, growth, momentum and quality.

**Portfolio selection:** The portfolio follows a systematic asset allocation determined by the Black-Litterman model and selects mutual fund schemes which offer the investor to have a fair balance between safety and growth

**Portfolio Benchmark:** BSE 500 TR Index

Since the portfolio is geared towards active portfolio management across the market capitalization and the index (BSE 500 TR Index) is the popular benchmark across market cap strategies, we believe that it is an appropriate benchmark.

**Investment Horizon:** The product is for medium to long-term investors and is well-diversified across market caps, categories and manager styles. The aim is to deliver consistent out-performance at the portfolio level by having the right blend of mutual fund managers, hence do well during bear, bull and sideways markets.

**Risk Factors:** Detailed risk related to investment in the Investment Approach are included as a part of this Disclosure Document under point 6 (Risk Factors)

## 3. Growthfiniti Factors PMS – Strategy: Fund of Fund (FOF) Equity

**Investment objective:** The product seeks to achieve long term capital appreciation by creating a multi factor Mutual Funds portfolio.

**Portfolio Composition:** The portfolio manager will invest in the direct plans of the mutual fund schemes and ETFs. The portfolio follows a multi-factor investment approach by investing in passive factor (smart beta) products created by NSE and sold by different asset management companies as part of their passive investment suite. It primarily invests in factors such as quality, value, momentum and low volatility and investing across market caps primarily large, mid and small cap. The portfolio manager

will analyze the individual multifactor schemes as well as single factor schemes and create a blended portfolio of more than one scheme by having the right weightage across these products during differing market cycles. The other parameter when selecting a scheme includes the corpus size, tracking error to their respective benchmark and fund house credentials.

**Portfolio selection:** The portfolio manager will analyze the individual multifactor schemes as well as single factor schemes and create a blended portfolio of more than one scheme by having the right weightage across these products during differing market cycles. The other parameter when selecting a scheme includes the corpus size, tracking error to their respective benchmark and fund house credentials.

## 8. Growthfiniti Focus 10

### PMS Strategy - Equity

**Investment Objective:** The Momentum 10 Strategy is a quantitative equity investment strategy designed to identify and invest in a concentrated portfolio of high-quality momentum-driven stocks within the Indian Equity Market. The primary objective of the Momentum 10 Strategy is to generate superior risk-adjusted returns over the medium to long term by systematically capturing momentum trends in the market. The portfolio is rebalanced every quarter with an investment horizon of 3–5 years or longer

While the strategy is designed with the intent to outperform traditional diversified equity strategies, no assurance or guarantee of returns is provided, and performance may vary depending on market conditions. Investment shall be made in equities and equity related instruments. This product is essentially designed for medium to long term investment horizon investors.

### Portfolio Composition

The portfolio would primarily comprise of listed securities, liquid / cash position (80-100%), but the Portfolio Manager may invest in other securities as Equity Funds as may be permissible under the SEBI (Portfolio Managers) Regulations 2020 and/or similar applicable regulation as amended from time to time.

**Portfolio Selection:** The investment manager follows a well-structured research-led approach to investments involving back-testing of indices and models to test performance across different market cycles to identify long term performers on a risk- adjusted basis. The investment team has a focus on elements that aim to create long- term appreciation. In this context, it shall target indices/models that target to generate returns while managing volatility and downside risks.

The strategy draws its investment universe from the BSE 500 Index (IC approved universe of BSE 1000), thereby covering a broad spectrum of large-cap, mid-cap, and select small-cap, micro-cap companies across sectors.

The strategy seeks to identify the top 10 stocks based on a multi-factor quantitative model incorporating parameters like Volatility, Price Momentum, Consistency of Returns etc.

The portfolio may exhibit sectoral concentration depending on prevailing market conditions and factor outcomes.

### Portfolio Benchmark: BSE500 TR Index

Since the portfolio is geared towards active portfolio management across the market capitalization and the index (BSE 500 TR Index) is the popular benchmark across market cap strategies, we believe that it is an appropriate benchmark.

**Investment Horizon:** Investors in this portfolio should have a long term time frame (three to five years or more).

**Risk Factors:** Detailed risk related to investment in the Investment Approach are included as a part of this Disclosure Document under point 6 (Risk Factors)

**9. Growthfiniti Bespoke  
PMS Strategy - Equity**

**Investment objective:** The product seeks to achieve long term capital appreciation by predominantly investing in large, mid-cap and small-cap high growth companies with a leadership trait in the sector and 12month trailing PE. A pure bottom up, buy and hold flexi-cap strategy of upto 20 high quality companies benefiting from one of the either but not limiting to investment themes like value migration, domestic consumption, digital transformation, high govt- private capex, exports and import-substitution.

This product is essentially for medium to long term investors, who want to build capital over a longer period of time (Three to Five years or more). Though medium term ideas are also considered, the emphasis would be to grow the capital over a longer periods of time. Investment shall be made in equities and equity related instruments. This product is essentially designed for medium to long term investment horizon investors. A balanced and well-diversified equity portfolio is created based on the research inputs (i.e quantitative as well as fundamental).

**Portfolio Composition:** The portfolio would primarily comprise of listed securities, ETFs and liquid / cash position (80-100%), but the Portfolio Manager may invest in other securities as Equity Funds as may be permissible under the SEBI (Portfolio Managers) Regulations 2020 and/or similar applicable regulation as amended from time to time.

**Portfolio selection:** The Portfolio Manager follows a structured research and investment framework combining quantitative screening, fundamental analysis, risk assessment, and portfolio construction methodologies.

The investment process may include:

Assessment of business quality, competitive positioning, and industry dynamics

Evaluation of management quality and corporate governance standards

Analysis of earnings growth potential, cash flow generation, return ratios, and capital allocation practices

Review of valuation metrics relative to growth prospects and sector peers

Risk assessment across business, financial, regulatory, and market factors

Portfolio construction seeks to achieve diversification across sectors, themes, and market capitalizations while maintaining a focused portfolio of high-conviction investment ideas.

The investment team has a focus on elements that aim to create long- term appreciation. In this context, it shall target indices/models that target to generate returns while managing volatility and downside risks.

**Portfolio Benchmark:** BSE500 TR Index

Since the portfolio is geared towards active portfolio management across the market capitalization and the index (BSE 500 TR Index) is the popular benchmark across market cap strategies, we believe that it is an appropriate benchmark.

**Investment Horizon:** Investors in this portfolio should have a long term time frame (Three to Five years or more).

**Risk Factors:** Detailed risk related to investment in the Investment Approach are included as a part of this Disclosure Document under point 6 (Risk Factors)

## **Empanelment of Accredited Investor**

### **Empanelment of Accredited Investors (AI Investor) under Portfolio Management Services**

AI investors are a class of sophisticated investors who have the ability and willingness to invest in securities market, particularly in investment products that are relatively riskier and have minimal regulatory oversight. AI investors have relaxation of regulatory requirement applicable to investment product under "Regulation light Framework". Growthfiniti may offer products or services to suite their investment needs in future.

### **Large Value Accredited Investors (LVAI)**

Notwithstanding the contents of agreement specified under Schedule IV of the Regulations and in accordance with applicable laws, the services offered/proposed to be offered by the Portfolio Manager to Large Value Accredited Investors, shall be subject to the terms and conditions as mutually agreed between such Large value Accredited Investor and the Portfolio Manager.

Without prejudice to the generality of the foregoing, as per the Regulations, the following provisions shall be applicable to LVAI Clients:

Contents of agreement specified under schedule IV of Regulations shall not apply to the agreement between the Portfolio Manager and LVAI Client;

The Portfolio Manager may offer discretionary or non-discretionary or advisory services for investment up to hundred percent of the assets under management in unlisted securities subject to the terms agreed between the LVAI Client and the Portfolio Manager;

The quantum and manner of exit load applicable to the LVAI Client of the Portfolio Manager shall be governed through bilaterally negotiated contractual terms.

**Note: All clients have an option to invest in the above Products/Investment Approaches directly, without intermediation of persons engaged in distribution services.**

## **6. Risk factors**

### **A. General Risks Factors**

- (1) Investment in Securities, whether on the basis of fundamental or technical analysis or otherwise, is subject to market risks which include price fluctuations, impact cost, basis risk etc.
- (2) The Portfolio Manager does not assure that the objectives of any of the Investment Approach will be achieved and investors are not being offered any guaranteed returns. The investments may not be suitable to all the investors.
- (3) [Past performance of the Portfolio Manager does not indicate the future performance of the same or any other Investment Approach in future or any other future Investment Approach of the Portfolio Manager. [OR] The Portfolio Manager has no previous experience/track record in the field of portfolio management services. However, the Principal Officer, directors and other key management personnel of the Portfolio Manager have rich individual experience.]
- (4) The names of the Investment Approach do not in any manner indicate their prospects or returns.
- (5) Appreciation in any of the Investment Approach can be restricted in the event of a high asset allocation to cash, when stock appreciates. The performance of any Investment Approach may also be affected due to any other asset allocation factors.
- (6) When investments are restricted to a particular or few sector(s) under any Investment Approach; there arises a risk called non-diversification or concentration risk. If the sector(s), for any reason, fails to perform, the Portfolio value will be adversely affected.
- (7) Each Portfolio will be exposed to various risks depending on the investment objective, Investment Approach and the asset allocation. The investment objective, Investment Approach and the asset allocation may differ from Client to Client. However, generally, highly concentrated Portfolios with lesser number of stocks will be more volatile than a Portfolio with a larger number of stocks.
- (8) The values of the Portfolio may be affected by changes in the general market conditions and factors and forces affecting the capital markets, in particular, level of interest rates, various market related factors, trading volumes, settlement periods, transfer procedures, currency exchange rates, foreign investments, changes in government policies, taxation, political, economic and other developments, closure of stock exchanges, etc.
- (9) The Portfolio Manager shall act in fiduciary capacity in relation to the Client's Funds and shall endeavour to mitigate any potential conflict of interest that could arise while dealing in a manner which is not detrimental to the Client.

## **B. Risk associated with equity and equity related instruments**

- (10) Equity and equity related instruments by nature are volatile and prone to price fluctuations on a daily basis due to macro and micro economic factors. The value of equity and equity related instruments may fluctuate due to factors affecting the securities markets such as volume and volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies of the government, taxation laws, political, economic or other developments, which may have an adverse impact on individual Securities, a specific sector or all sectors. Consequently, the value of the Client's Portfolio may be adversely affected.
- (11) Equity and equity related instruments listed on the stock exchange carry lower liquidity risk, however the Portfolio Manager's ability to sell these investments is limited by the overall trading volume on the stock exchanges. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Portfolio Manager to make intended Securities purchases due to settlement problems could cause the Client to miss certain investment opportunities. Similarly, the inability to sell Securities held in the Portfolio may result, at times, in potential losses to the Portfolio, should there be a subsequent decline in the value of Securities held in the Client's Portfolio.
- (12) Risk may also arise due to an inherent nature/risk in the stock markets such as, volatility, market scams, circular trading, price rigging, liquidity changes, de-listing of Securities or market closure, relatively small number of scrip's accounting for a large proportion of trading volume among others.

## **C. Risk associated with debt and money market securities**

- (13) Interest Rate Risk  
Fixed income and money market Securities run interest-rate risk. Generally, when interest rates rise, prices of existing fixed income Securities fall and when interest rate falls, the prices increase. In case of floating rate Securities, an additional risk could arise because of the changes in the spreads of floating rate Securities. With the increase in the spread of floating rate Securities, the price can fall and with decrease in spread of floating rate Securities, the prices can rise.
- (14) Liquidity or Marketability Risk  
The ability of the Portfolio Manager to execute sale/purchase order is dependent on the liquidity or marketability. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. The Securities that are listed on the stock exchange carry lower liquidity risk, but the ability to sell these Securities is limited by the overall trading volumes. Further, different segments of Indian financial markets have different settlement cycles and may be extended significantly by unforeseen circumstances.
- (15) Credit Risk  
Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

(16) Reinvestment Risk

This refers to the interest rate risk at which the intermediate cash flows received from the Securities in the Portfolio including maturity proceeds are reinvested. Investments in fixed income Securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the debt security. Consequently, the proceeds may get invested at a lower rate.

**D. Risk associated with derivatives instruments**

(17) The use of derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the Portfolio Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Portfolio Manager involve uncertainty and decision of Portfolio Manager may not always be profitable. No assurance can be given that the Portfolio Manager will be able to identify or execute such strategies.

(18) Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price of interest rate movements correctly. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. Other risks include settlement risk, risk of mispricing or improper valuation and the inability of the derivative to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Portfolio Manager may not be able to sell or purchase derivative quickly enough at a fair price.

**E. Risk associated with investments in mutual fund schemes**

(19) Mutual funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the schemes will be achieved. The various factors which impact the value of the scheme's investments include, but are not limited to, fluctuations in markets, interest rates, prevailing political and economic environment, changes in government policy, tax laws in various countries, liquidity of the underlying instruments, settlement periods, trading volumes, etc.

(20) As with any securities investment, the NAV of the units issued under the schemes can go up or down, depending on the factors and forces affecting the capital markets.

(21) Past performance of the sponsors, asset management company (AMC)/fund does not indicate the future performance of the schemes of the fund.

(22) The Portfolio Manager shall not be responsible for liquidity of the scheme's investments which at times, be restricted by trading volumes and settlement periods. The time taken by the scheme for redemption of units may be significant in the event of an inordinately large number of redemption requests or of a restructuring of the schemes.

- (23) The Portfolio Manager shall not responsible, if the AMC/ fund does not comply with the provisions of SEBI (Mutual Funds) Regulations, 1996 or any other circular or acts as amended from time to time. The Portfolio Manager shall also not be liable for any changes in the offer document(s)/scheme information document(s) of the scheme(s), which may vary substantially depending on the market risks, general economic and political conditions in India and other countries globally, the monetary and interest policies, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally.
- (24) The Portfolio Manager shall not be liable for any default, negligence, lapse error or fraud on the part of the AMC/the fund.
- (25) While it would be the endeavor of the Portfolio Manager to invest in the schemes in a manner, which will seek to maximize returns, the performance of the underlying schemes may vary which may lead to the returns of this portfolio being adversely impacted.
- (26) The scheme specific risk factors of each of the underlying schemes become applicable where the Portfolio Manager invests in any underlying scheme. Investors who intend to invest in this portfolio are required to and are deemed to have read and understood the risk factors of the underlying schemes.

**F. Risk arising out of Non-diversification**

- (27) The investment according to investment objective of a Portfolio may result in concentration of investments in a specific security / sector/ issuer, which may expose the Portfolio to risk arising out of non-diversification. Further, the portfolio with investment objective to invest in a specific sector / industry would be exposed to risk associated with such sector / industry and its performance will be dependent on performance of such sector / industry. Similarly, the portfolios with investment objective to have larger exposure to certain market capitalization buckets, would be exposed to risk associated with underperformance of those relevant market capitalization buckets. Moreover, from the style orientation perspective, concentrated exposure to value or growth stocks based on the requirement of the mandate/strategy may also result in risk associated with this factor.

**G. Risk arising out of investment in Associate and Related Party transactions**

- (28) All transactions of purchase and sale of securities by portfolio manager and its employees who are directly involved in investment operations shall be disclosed if found having conflict of interest with the transactions in any of the client's portfolio.
- (29) The Portfolio Manager may utilize the services of its group companies or associates for managing the portfolios of the client. In such scenarios, the Portfolio Manager shall endeavor to mitigate any potential conflict of interest that could arise while dealing with such group companies/associates by ensuring that such dealings are at arm's length basis.
- (30) The Portfolios may invest in its Associates/ Related Parties relating to portfolio management services and thus conflict of interest may arise while investing in securities of the Associates/Related Parties of the Portfolio Manager. Portfolio Manager shall ensure that such transactions shall be purely on arms' length basis and to the extent and limits permitted under the Regulations. Accordingly, all market risk and investment risk as applicable to securities may also be applicable while investing in securities of the Associates/Related Parties of the Portfolio Manager.

## 7. Nature of expenses

The following are indicative types of costs and expenses for clients availing the portfolio management services. The exact basis of charge relating to each of the following services shall be annexed to the Portfolio Management Agreement and the agreements in respect of each of the services availed at the time of execution of such agreements.

- **Investment management and advisory fees.**

Professional charges relate to the portfolio management services offered to clients by the Portfolio Manager. The fee may be a fixed charge or a percentage of the quantum of funds managed and may be return-based or a combination of any of these. Return based fees shall be calculated on "High Water Mark Principle". The Fixed Fees would typically be in the range of 0.00% to 2.50% and the variable profit sharing would typically be in the range of 5% to 20% of the gain on a mark-to-market basis with a high watermark.

- **Custodian fee.**

The charges relating to opening and operation of dematerialized accounts, custody, fund administration and transfer charges for shares, bonds and units, dematerialization, dematerialisation and other charges in connection with the operation and management of the depository accounts. The custody charges would range from 1 bps to 5 bps and depository charges of INR 5-10 per debit. Any changes to these charges will be included in the fees schedule to be signed by the client at the time of onboarding.

- **Registrar and transfer agent fee.**

Charges payable to registrars and share transfer agents in connection with effecting transfer of Securities and bonds including stamp charges, cost of affidavits, notary charges, postage stamp and courier charges.

- **Brokerage and transaction cost.**

The brokerage charges and other charges like service charge, stamp duty, transaction costs, turnover tax on the purchase and sale of shares, stocks, bonds, debt, deposits, units and other financial instruments. Brokerage charges would be in the range of 5 bps to 20 bps. Any changes to these charges will be included in the fees schedule to be signed by the client at the time of onboarding.

- **Certification and Professional Charges:**

Charges payable for outsourced professional services like accounting, taxation, audit and legal services, notarizations etc., for certifications, attestations required by bankers or regulatory authorities would be at actuals and shall be borne by the Client. Such fees shall be payable as and when charged by the relevant service provider.

- **Audit Report Fees:**  
In terms of Regulation 30(3) of the Regulations, the Client shall be issued an audit report from the internal auditors of the Company for which the fee shall be payable by the client. The fee for the Audit Report would be in the range of INR 0 to INR 3000.
- **Incidental Expenses:**  
Charges in connection with the courier expenses, stamp duty, notary, postal, telegraphic, printing, and other cost/expenses etc.
- **Other Charges:**  
As may be mutually agreed between Client and Portfolio Manager. Further no upfront fees shall be charged by the Portfolio Managers, either directly or indirectly, to the clients at the time of onboarding of the Client. Operating expenses excluding brokerage, over and above the fees charged for Portfolio Management Service, shall not exceed 0.50% per annum of the client's average daily Assets under Management.

A brief explanation shall be given to assist the investor in understanding the various costs and expenses that an investor may have to bear directly or indirectly. Additionally, appropriate cross-references may be given to the relevant sections of the offer document for more complete description in this regards.

## 8. Taxation

- 8.1 The information furnished below outlines briefly the tax regulations which may be relevant to the Investors and is based on relevant provisions of the Income-tax Act, 2025 ("IT Act") as amended by the Finance Act 2026.
- 8.2 The summary below provides general information on Indian Income-tax implications but is neither intended to be a complete discussion of all tax implications, nor does it purport to be a complete description of all potential tax costs, tax incidence and risks inherent on the acquisition, ownership and sale of Indian securities.
- 8.3 In addition, the comments herein are not binding on the Indian tax authorities and there can be no assurance that the authorities will not take a position contrary to any of the comments herein. It is emphasized that neither the Portfolio Manager nor any other person involved in the preparation of this document accepts responsibility for any tax effects or liabilities resulting from the purchase, ownership or disposition of the Indian securities. Prospective investors should consult their own tax advisors concerning their individual tax consequences of their particular situations.
- 8.4 We do not make any representation regarding any legal interpretations. Since the information below is based on relevant provisions as of April 2026, any subsequent changes in the said provisions could affect the tax benefits.
- 8.5 General Taxation: The basis of charge of Indian income-tax depends upon the residential status of the taxpayer during a tax year, as well as the nature of the income earned. The Indian tax year runs from April 1 until March 31. A person who is an Indian tax resident is liable to taxation in India on his worldwide income, subject to certain tax exemptions, which are accorded under the provisions of the IT Act. A person who is treated as non-resident for Indian income-tax purposes is generally subject to tax in India only on such person's India sourced income.
- 8.6 Section 159 (4) [erstwhile Section 90(2)] of the IT Act provides that where the Government of India has entered into an agreement with the Government of any country outside India or specified territory outside India (where the taxpayer is a resident) for granting relief of tax or avoidance of double taxation ("Tax Treaty" or "DTAA"), the taxpayer may opt to be taxed as per provisions of the IT Act or the tax treaty/DTAA, whichever is more beneficial.
- 8.7 This chapter does not discuss the tax implications applicable to the non-resident Investors under a beneficial DTAA [Section 159 (4) of the IT Act], which would need to be analysed separately based on the specific facts.
- 8.8 India has signed the Multilateral Instrument ("MLI") to implement Tax Treaty related measures to prevent "Base Erosion and Profit Shifting" ("BEPS") with Organisation for Economic Co-operation and Development ("OECD"). The MLI modifies the application of bilateral Tax Treaties (where adopted by both the contracting countries- referred to as Covered Tax Treaties) without replacing them, and operates alongside them to strengthen anti-abuse provisions, improve dispute resolution, and implement minimum standards. All the Covered Tax Treaties which India has entered into are required to incorporate the Principal Purpose Test (PPT), which denies Tax Treaty benefits if obtaining such benefit was one of the principal purposes of an arrangement, unless granting the benefit is consistent with the object and purpose of the Tax Treaty.
- 8.9 This chapter does not discuss the impact of MLI on the claim of beneficial tax treatment under DTAA by a non-resident Investor. The same would need to be analysed separately based on the specific facts, where applicable. Further, the tax rates mentioned herein are exclusive of applicable surcharge and cess, unless specified otherwise.

Taxation of individual income component: Tax implications of the following income received by certain categories of clients from investments in securities as per IT Act are discussed as follows:

- 8.9.1 Dividend Income: Dividend distributed by portfolio companies shall be subject to tax in the hands of the shareholders. Similarly, dividend distributed by Mutual Funds (“MFs”) covered under Section 11 read with Schedule VII (Sr. No. 20 & 21) [erstwhile section 10(23D) of the IT Act is taxable in the hands of the unitholders at applicable rates. Further, dividend distributing company / Mutual Fund is required to withhold tax from dividend income as under:
- 8.9.2 For Resident shareholder: 10% (no surcharge and cess applicable) as provided under section 393 (1) Sr.No. 7/ Sr.No. 4(i) [erstwhile section 194 / 194K] of IT Act;
- 8.9.3 For Non-resident shareholder: 20% (plus applicable surcharge and cess) under section 115A of the IT Act subject to any beneficial rate available under the applicable tax Treaty
- 8.9.4 TDS at the rate of 10% on the income paid by a specified company<sup>1</sup>/ MFs to its resident shareholders / resident unitholders if the amount of such income exceeds ten thousand rupees in a financial year. However, no tax shall be required to be deducted by the Mutual Fund on income which is in the nature of capital gains.
- 8.9.5 Deduction under section 57: No deduction is allowed with respect to any expense incurred in relation to the dividend income. The expense allowance is restricted to 20% of the dividend income without deduction under section 57. The expense allowance is not a standard deduction per se and the shareholder / unitholder would need to establish and demonstrate that interest expense was actually incurred for the purpose of earning the dividend income. Further, it may be noted that interest expenditure is not likely to be allowable in the year when no dividend income is received by the shareholder / unitholder. Hence, in case of Nil dividend income, the expenditure may not be allowable.
- 8.9.6 Roll over benefit: Section 148 [erstwhile section 80M] of the IT Act provides for benefit of roll-over of deduction for the dividend received by a domestic company from another domestic / overseas company or a business trust (Real Estate Investment Trust / Infrastructure Investment Trust). Accordingly, where a corporate domestic Investor is receiving dividend from a domestic / overseas company or a business trust, such Investor shall be eligible for deduction in respect of such dividend as is distributed to its shareholders (‘roll-over benefit under Section 148). This is done to avoid cascading effect of taxation on the same dividend income.
- 8.9.7 Gains from sale of securities – Characterization of income: Gains arising from the sale of securities in India (shares, derivatives etc.) may be taxed as Capital Gains (“CG”) or Business Income (“BI”) under the provisions of the IT Act, depending on the facts and circumstances of the case.

Characterization of income arising from the sale of Indian securities has been the subject of legal debate. The CBDT issued Circular No 4/2007 dated 15 June 2007 outlining certain judicial principles pronounced by various courts on the determination of whether shares are held as stock-in-trade or held as investments. The Circular states that no single principle is determinative and that the specific facts and circumstances of each case are required to be considered in order to make a determination of whether the shares held would be regarded as stock-in-trade or investment.

- 8.9.8 The nature of income from the disposal of securities will be classified as CG or BI depending on whether the investments are held as assets, investments with the object of capital appreciation or stock in trade for the purpose of trade / adventure.

---

<sup>1</sup> As referred to in clause (h) of section 2 of the Unit Trust of India (Transfer of Undertaking and Repeal) Act, 2002.

- 8.9.9 The following conditions are to be generally considered for determining the nature of such income:
- (a) The motive of the entity is to earn profits through dividends, or from capital appreciations
  - (b) The substantial nature of transactions, the manner of maintaining books of accounts, the magnitude of purchases and sales and the ratio between purchases and sales
  - (c) Intent of the assessee as is evidenced by the documents / records
  - (d) Whether the charter documents authorize any such activity
  - (e) Volume, frequency, continuity and regularity of transactions of purchase and sale
- 8.9.10 While the above discussion is predominantly in the context of transactions related to shares, on principles it could equally apply even to derivatives. Therefore in the context of derivative transactions, given the short duration and nature of the transactions it is likely that the transaction would be considered as giving rise to BI rather than income from CG.
- 8.9.11 Furthermore, the CBDT has provided further guidance on the matter vide circular No.6/2016 dated 29 February 2016 as follows:
- (a) Where the taxpayer opts to treat listed shares and securities as stock in trade, the income arising from transfer of such shares / securities would be treated as its BI.
  - (b) If the taxpayer desires to treat income arising from the transfer of listed shares and securities held for more than 12 months as CG, the same shall not be disputed by the tax officer. However, such a stand adopted by the assessee will remain applicable in subsequent assessment years also and cannot be altered.
  - (c) In all other cases the nature of the transaction shall continue to be decided basis the facts of each particular case
- 8.9.12 The above referred circular applied to listed shares and securities. Therefore in order to bring parity in taxability of income/loss arising from transfer of unlisted shares the CBDT issued instruction / circular dated 2 May 2016 determining the tax-treatment of income arising from transfer of unlisted shares for which no formal market exists for trading.
- 8.9.13 CBDT vide this circular clarifies that income arising from transfer of unlisted shares would be considered under the head CG, irrespective of period of holding with a view to avoid disputes/litigation and to maintain a uniform approach.
- 8.9.14 However, CBDT carves out three exceptions wherein this clarification shall not apply, namely:
- (a) *genuineness of transactions in unlisted shares itself is questionable*
  - (b) *transfer of unlisted shares is related to an issue pertaining to lifting of corporate veil and*
  - (c) *transfer of unlisted shares is made along with the control and management of underlying business*

Thus, it is important to clearly understand the intent of issue of the aforesaid circulars by CBDT from time-to-time and to interpret in a rational manner where gain arising from the sale of securities should be classified under the head CG or BI.

8.9.15 Capital Gains: As per Section 67 [erstwhile section 45] of the IT Act, any profits or gains arising from the transfer of capital assets are chargeable to income-tax under the head 'capital gains'. Section 72 [erstwhile section 48] of the IT Act provides that income chargeable as CG is the difference between the full value of the consideration received or accrued on the transfer and the cost of acquisition of such asset plus expenditure in relation to such transfer.

8.9.16 The sale of securities would be taxed as under in the case of resident investors.

| Type of gain | Period of Holding  | Tax rate  |
|--------------|--|---|
| Short-term   | 12 months or less <sup>2</sup> for listed shares and 24 months or less for unlisted shares | in case of equity shares or units of an equity-oriented fund listed on any recognised stock exchange in India and the sale is chargeable to STT.<br>Ordinary rate of tax applicable to the respective investors i.e. at the rate ranging from 22% to 30% for corporate investors, 30% for partnership and limited liability partnerships and at the applicable slab rates, maximum being 30%, for individual investors in case of shares that are not listed on any recognised stock exchange in India and in case of listed shares being sold/transferred in a transaction not chargeable to STT.  |
| Long-term    | More than 12 months for listed shares and more than 24 months for unlisted shares          | 12.5% for all long term capital gains. Further, LTCG shall be chargeable only on the capital gain exceeding Rs 1,25,000 (Indian Rupees One Lakh and Twenty Five only) in case equity shares are listed on any recognised stock exchange in India and the purchase and sale transaction of such equity shares is chargeable to STT <sup>3</sup> .<br>On transfer of listed shares which is not subject to STT: Lower of 10% (without cost indexation) and 20% (with cost indexation) for transfer prior to 23 July 2024 / 12.5% for transfer on or after 23 July 2024.<br>20% (after considering indexation) for equity shares which are not listed on any recognised stock exchange in India for transfer prior to 23 July 2024 / 12.5% (without indexation) for transfer on or after 23 July 2024. |

<sup>3</sup> Subject to certain specified exceptions on payment on STT at the time of purchase.

8.9.17 Gains on sale of securities would be taxed as under in the case of non-resident investors

| Type of gain | Period of Holding   | Tax rate   |
|--------------|---|--|
| Short-term   | 12 months or less for listed shares and 24 months or less for unlisted shares     | 15% for transfer prior to 23 July 2024 and 20% for transfer on or after 23 July 2024, in case of equity shares or units of an equity-oriented fund listed on any recognized stock exchange in India and the sale is chargeable to STT.<br>Ordinary rate of tax applicable to the respective investors i.e. at the rate of 35% for corporate investors, 30% for partnerships , 30% for foreign portfolio investors and at the applicable slab rates, maximum being 30% for other non-corporate investors in case of shares that are not listed on any recognized stock exchange in India and in case of listed shares being sold/ transferred in a transaction not chargeable to STT. |
| 1            | More than 12 months for listed shares and more than 24 months for unlisted shares | 12.5% for all long-term capital gains. Further, LTCG shall be chargeable only on the capital gain exceeding INR 1,25,000 (Indian Rupees One Lakh and Twenty Five Thousand only) in case equity shares are listed on any recognised stock exchange in India and the purchase and sale transaction of such equity shares is chargeable to STT <sup>4</sup>   |

1.9.1 Further, in accordance with the Finance Act, 2026, proceeds arising from the buyback of shares by an Indian company, on or after 1 April 2026, shall be treated as capital gains and is taxable in the hands of the shareholder in accordance with the applicable capital gains provisions. Generally, gains arising on the buyback are taxed as per the applicable short-term or long-term capital gains rates, depending on the period of holding.

1.9.2 However, Section 69 of the ITA stipulates that capital gains arising to a promoter (as defined) from buyback of shares shall be subject to an additional tax, over and above the normal capital gains tax applicable to such income. In the case of a company whose shares are listed on a recognised stock exchange in India, 'promoter' shall have the same meaning as assigned to it in regulation 2(k) of the Securities and Exchange Board of India (Buy-Back of Securities) Regulations, 2018 made under the Securities and Exchange Board of India Act, 1992; in any other case, "promoter" means (a) "promoter" as defined in section 2(69) of the Companies Act, 2013 and (b) a person who holds, directly or indirectly, more than 10% of the shareholding in the company

<sup>4</sup> Subject to certain specified exceptions on payment on STT at the time of purchase.

1.9.3 Accordingly, the tax rates on buy back will be as follows:

| Transaction                           | Long-term capital gains          | Short-term capital gains   |
|---------------------------------------|----------------------------------|--|
| Buy back of shares from non-promoters | 12.5%                            | Listed shares: 20%;<br>Unlisted shares: Taxed at the rate applicable for ordinary income (with the maximum base tax rate being 30% for Indian residents, foreign portfolio investors, non-corporate non-residents and 35% for foreign companies) |
| Buy back of shares from promoters     | 22% (for company) / 30% (others) | Listed shares: 30%<br><br>Unlisted shares: Taxed at the rate applicable for ordinary income (with the maximum base tax rate being 30% Indian residents, foreign portfolio investors, non-corporate non-residents and 35% for foreign companies)  |

1.9.4 Business Income: As discussed above, the gains on sale of derivative contracts in the futures segment should generally be characterized as BI and the same would be taxable at the ordinary rate of tax applicable to the respective investors i.e. at the rate ranging from 22% to 30% for resident corporate investors, 35% for non-resident corporate investors, 30% for partnership and limited liability partnerships non-resident non-corporate and at the applicable slab rates, maximum being 30% for individual investors.

However, where the derivative contracts are entered into by a person, are settled otherwise than by delivery of transfer of the shares, it may be classified as speculative income, which is a special class of BI (this class of BI cannot set off losses from non-speculative income streams and loss can be carried forward only for four years).

However, where the derivative contracts are entered into electronically through a broker / sub broker on a Stock Exchange, where the broker provides a time stamped contract note, with the PAN of the client thereon, then the income will not be considered as speculative income

1.9.5 Where the Portfolio Manager adopts certain strategies (say 'Long Short') which involves simultaneous purchase/sale of securities and derivative products, it might be possible that the tax authorities could construe the same as "trading income" and tax it as Business income (i.e., at higher tax rates).

1.9.6 Interest Income: Classification of interest income is a matter of dispute with contradicting judicial precedents. Whether interest income would be assessable as business income or income from other sources would depend upon the nexus it has with the assessee's business. Interest income is taxable at the ordinary rate of tax applicable to the respective investors i.e., at the rate ranging from 22% to 30% for Indian resident corporate investors, 30% for partnerships / non-resident non-corporate entities, 20% for foreign portfolio investors, 35% for foreign companies and at the applicable slab rates for individual investors.

In case where the listed debt securities (including zero coupon bonds) are transferred, any gains derived from such transfer shall be taxed as short-term capital gains [where the period of holding is 12 months or less] at the rate ranging from 22% to 30% for Indian resident corporate investors, 30% for partnerships / non-resident non-corporate entities / foreign portfolio investors, 35% for foreign companies and applicable slab rates for individual investors (maximum being 30% and at the rate 12.5% as long-term capital gains (where the period of holding is more than 12 months). Further, any income arising from transfer or maturity or redemption of Market Linked Debentures<sup>5</sup>, units of Specified Mutual Fund<sup>6</sup>, unlisted bonds and unlisted debentures shall be deemed as short term capital gain, irrespective of the period of holding and hence, taxed at the rate ranging from 22% to 30% for Indian resident corporate investors, 30% for partnerships / non-resident non-corporate entities / foreign portfolio investors, 35% for foreign companies and at the applicable slab rates for individual investors (maximum being 30%).

1.9.7 Income-tax provisions applicable to Non-residents in respect of receipt of income from fixed Income products are summarized below:

- (a) In terms of Section 207 [erstwhile Section 115A] of the IT Act, interest on monies borrowed in foreign currency (other than interest referred to in subsequent paragraphs) is taxable at 20% (subject to any tax treaty).
- (b) In terms of 208 [erstwhile Section 115AB] of the IT Act, income of an assessee, being an overseas financial organization (Offshore Fund) by way of income received in respect of units purchased in foreign currency is taxed at 10% or income by way of long term capital gains arising on transfer of units purchased in foreign currency, 12.5% subject to Tax Treaty benefit, if any. The payor is required to withhold the applicable taxes. No deduction shall be allowed against this income u.s 28 to s. 58 or s. 60 and 61 or section 93(1)(a) or (e) or under Chapter VIII; [erstwhile section 28 to 44C, 57(i) or 57(iii) or Chapter VI-A].
- (c) In terms of 209 [erstwhile Section 115AC] of the IT Act, income of non-resident by way of interest on bonds of an Indian Company issued in accordance with the notified scheme i.e. 'Issue of Foreign Currency Exchangeable Bonds Scheme, 2008'/'Issue of Foreign Currency Convertible Bonds and Ordinary Shares (Through Depository Receipt Mechanism) Scheme, 1993/ Depository Receipts Scheme 2014' or on bonds of public sector company sold by the government and purchased by the investor in foreign currency or income by way of dividends on GDR will be taxed at the rate of 10%; or income by way of long term capital gains arising on transfer of above bonds or GDR's, 12.5% subject to tax treaty benefit, if any. The payor is required to withhold the applicable taxes.
- (d) In terms of Section 210 [erstwhile section 115AD] of the IT Act, income of a Foreign Institutional Investor received in respect of securities (other than units referred in [208-erstwhile section Section 115AB) as defined under the Securities Contracts (Regulations) Act, 1956 is taxed at 20% and income by way of long term capital gains arising on transfer of securities shall be taxed at the rate of 12.5% and maximum 30% in case of short term, subject to Tax Treaty benefit, if any. The payor is required to withhold the applicable taxes.
- (e) Any interest (other than above) on loan received in India currency is taxable at 35% (subject to Tax Treaty benefit, if any).

---

<sup>5</sup> 'Market Linked Debenture' means a security by whatever name called which has an underlying principal component in the form of debt security and where the returns are linked to market returns on other underlying securities or indices and include any security classified or regulated as a market linked debenture by the Securities and Exchange Board of India.

<sup>6</sup> 'Specified Mutual Fund' means a Mutual Fund means (a) a mutual fund investing more than 65% of its total proceeds in debt and money market instruments and (b) a fund investing more than 65% of its proceeds in mutual fund mentioned in (a). The "debt and money market instruments" shall include any securities, by whatever name called, classified or regulated as debt and money market instruments by the Securities and Exchange Board of India.

## Rate of surcharge

1.9.8 The above rates of income-tax in this document shall be increased by the following surcharge on income-tax and health and education cess on income-tax and surcharge.

| As per the Finance Act, 2024 with effect from 1 April 2024  | Surcharge on income-tax | Health and Education Cess on income-tax and surcharge |
|---|-------------------------|---|
| Rate of surcharge on Indian companies with income exceeding INR 10 million but less than INR 100 million  | 7%                      | 4%  |
| Rate of surcharge on Indian companies with income exceeding INR 100 million   | 12%                     | 4%  |
| Resident companies opting for taxation under section 200 and section 201 [erstwhile section 115BAA and section 115BAB]                              | 10%                     | 4%  |
| Rate of surcharge on Foreign companies with income exceeding INR 10 million but less than INR 100 million   | 2%                      | 4%  |
| Rate of surcharge on Foreign companies with income exceeding INR 100 million  | 5%                      | 4%  |
| Rate of surcharge on Partnership firm / LLP with income exceeding INR 10 million  | 12%                     | 4%  |
| Individuals / HUF / AOP / BOI: where the total income exceeds INR 5 Million / 10 Million / 20 Million / 50 Million (Please refer to the note below) | 10% / 15% /25% /37%     | 4%  |
| Surcharge for additional tax on capital gain arising to Promoters on buy back of shares   | 12%                     | 4%  |

Note: The surcharge is capped to 25% for taxpayers having opted for tax regime under Section 202 [erstwhile 115BAC] of the IT Act. Further, the enhanced rates of surcharge (essentially the 25% and 37% rate of surcharge applicable for income greater than INR 20 million and INR 50 million respectively), shall not apply for dividend income, long term capital gain referred to in section 197 [erstwhile section 112] of the IT Act and capital gain arising to FII on transfer of any securities and in case of capital gains arising on an on-market transfer of the following securities (where applicable securities transaction tax has been paid) as referred to in section 196 and 198 [erstwhile section 111A and 112A] of the IT Act:

- Equity shares
- Units of an equity-oriented fund
- Units of a Real Estate Investment Trust (REIT) or Infrastructure Investment Trust (InvIT)

### **Tax Deducted at Source (TDS) under section 194Q**

With effect from 1 July 2021, a buyer while making payment to resident seller on purchase of goods having value exceeding fifty lakh rupees during the financial year is required to withhold tax at the rate of 0.1% under Section 393(1) – Serial No. 8(ii) [erstwhile Section 194Q] of the ITA.

‘Buyer’ for the purpose of this section is defined as a person whose total sales, gross receipts or turnover from the business carried on exceeds INR 100 million during immediately preceding financial year in which the purchase of goods is carried out.

‘Goods’ for the purpose of this section could include shares and securities. There are currently alternative interpretations of the applicability to transactions in securities including qualifying criteria for a “Buyer”.

CBDT has also issued a clarificatory circular no. 13 / 2021 dated 30 June 2021 to address various issues in relation to the applicability of Section 194Q. As per the said circular, no TDS u/s 194Q shall apply in case of transactions in securities and commodities which are traded through recognized stock exchanges or cleared and settled by the recognized clearing corporation including recognized stock exchanges or recognized clearing corporations located in IFSC.

Accordingly, where transactions in securities and commodities are traded through recognized stock exchanges, the provisions of section 194Q shall not apply in the hands of buyer.

Further, TDS under Section 194Q shall not be applicable where the buyer is a non-resident and the purchase of goods is not effectively connected to its permanent establishment in India (if any).

### **Withholding of tax at higher rate**

As per Section 397(2)(b) [erstwhile 206AA] of the IT Act<sup>7</sup>, where a recipient of income (which is subject to withholding tax) does not furnish its Permanent Account Number (“PAN”), then tax is required to be deducted by the payer at the higher of the following i.e., (i) rates specified in the relevant provisions of the IT Act; (ii) rates in force; or (iii) at 20% (twenty per cent) / 5% (five per cent) in case of withholding of tax under Section 393(1) – Serial No. 8(ii) [erstwhile 194Q]. In case of non-residents not having a PAN, this provision requiring tax deduction at a higher rate shall not apply if they furnish certain prescribed information / documents (including their tax residency certificate).

Accordingly, in case of recipient who do not have a PAN, tax shall be withheld at a minimum rate of 20% (twenty per cent) / 5% (five per cent) for TDS under Section 393(1) – Serial No. 8(ii) [erstwhile 194Q], except in case of non-resident investors who furnishes certain prescribed information / documents (including their tax residency certificate) are provided by such Investors being non-residents.

---

<sup>7</sup> Not applicable in case of interest on long term bonds referred to under Section 194LC of the IT Act.

## **Deemed income on investment in shares / securities**

In terms of Section 92(2)(m) [erstwhile 56(2)(x)] of the IT Act, if shares / securities are received for less than the fair market value of the shares / securities (computed as per prescribed rules), the difference between the price paid and fair value thereof shall be deemed as ordinary income of the recipient.

Separately, as per the provisions of Section 79 of the ITA [erstwhile section 50CA] if shares other than “quoted shares” are transferred for less than the fair value of the shares (computed as per prescribed rules), the fair value of such unquoted shares shall be deemed to be the sale consideration for the seller, for computing its capital gains for Indian tax purposes. “Quoted share” is defined as “the share quoted on any recognised stock exchange with regularity from time to time, where the quotation of such share is based on current transaction made in the ordinary course of business.”

## **Bonus Stripping**

According to Section 175(9) [erstwhile section 94(8)], in case of units purchased within a period of 3 months prior to the record date (for entitlement of bonus units) and sold/transferred/redeemed within 9 months after such date, the loss arising on transfer of original units shall be ignored for the purpose of computing the income chargeable to tax. The loss so ignored shall be deemed as cost of acquisition of such bonus units.

## **General Anti-Avoidance Rules (GAAR)**

The Finance Act, 2012 had introduced General Anti-Avoidance Rules (GAAR) into Act, which, subsequent to the amendments introduced by the Finance Act, 2015, has come into effect from April 1, 2017.

As per the provisions of IT Act, Indian tax authorities have been granted wide powers to tax ‘impermissible avoidance arrangements’ including the power to disregard entities in a structure, reallocate income and expenditure between parties to the arrangement, alter the tax residence of such entities and the legal situs of assets involved, treat debt as equity and vice versa. The GAAR provisions are potentially applicable to any transaction or any part thereof.

The term ‘impermissible avoidance arrangement’ has been defined to mean an arrangement where the main purpose is to obtain a tax benefit, and it:

- (a) Creates rights, or obligations, which are not ordinarily created between persons dealing at arm's length;
- (b) Results, directly or indirectly, in the misuse, or abuse, of the provisions of the IT Act;
- (c) Lacks commercial substance or is deemed to lack commercial substance; or
- (d) Is entered into, or carried out, by means, or in a manner, which are not ordinarily employed for bona fide purposes

Further, an arrangement shall be presumed, unless it is proved to the contrary by the taxpayer, to have been entered into, or carried out, for the main purpose of obtaining a tax benefit, if the main purpose of a step in, or a part of, the arrangement is to obtain a tax benefit, notwithstanding the fact that the main purpose of the whole arrangement is not to obtain a tax benefit.

In case the GAAR is applied to any transaction pertaining to the investor, it could have an adverse impact on the returns to the Investors.

It is provided that GAAR shall not apply, inter alia, to arrangements where the aggregate tax benefit in a relevant year, to all the parties involved, does not exceed INR 3,00,00,000 (Indian Rupees Thirty million).

## Other applicable taxes

Wealth tax has been abolished by the Finance Act, 2015.

*Securities Transaction Tax ("STT")* - As discussed above the concessional rate for short term capital gains and long term capital gains would be applicable only if the sale / transfer of the equity shares takes place on a recognized stock exchange in India. All transactions entered on a recognised stock exchange in India will be subject to STT levied on the transaction value at the applicable rates.

The rates of STT are as follows: -

| TAXABLE SECURITIES TRANSACTION  | STT RATE | PAYABLE BY                  | TAXABLE SECURITIES TRANSACTION  |
|---|----------|-----------------------------|---|
| Purchase / sale of an equity share in a company where the transaction is entered into in a recognized stock exchange and the contract is settled by actual delivery or transfer of shares | 0.1%     | Purchaser as well as Seller | Purchase / sale of an equity share in a company where the transaction is entered into in a recognized stock exchange and the contract is settled by actual delivery or transfer of shares |
| Sale of a unit of an equity-oriented fund where the transaction is entered into in a recognized stock exchange and the contract is settled by actual delivery or transfer of units        | 0.001%   | Seller                      | Sale of a unit of an equity-oriented fund where the transaction is entered into in a recognized stock exchange and the contract is settled by actual delivery or transfer of units        |
| Sale of equity share on a recognized stock exchange where the transaction is settled  | 0.025%   | Seller                      | Sale of equity share on a recognized stock exchange where the transaction is settled otherwise than by actual delivery or transfer  |

| TAXABLE SECURITIES TRANSACTION  | STT RATE  | PAYABLE BY                  | TAXABLE SECURITIES TRANSACTION  |
|---|---|-----------------------------|---|
| otherwise than by actual delivery or transfer   |   |                             |   |
| Sale of unlisted equity shares under an offer for sale  | 0.2%  | Seller                      | Sale of unlisted equity shares under an offer for sale  |

| Non-marketable            | 0.0001% | Seller/Transferor  |

A stamp duty is imposed on purchase of mutual funds – equity and debt funds – from July 1, 2020. As per SEBI, 0.005% stamp duty will be levied on purchase of mutual funds, including lump sum, SIP, STP, and dividend reinvestment. It is, however, not applicable on redemption of units. Meanwhile, a stamp duty of 0.015% will also be imposed in case of transfer of units between demat accounts.

There can be no guarantee that the above position regarding taxation of the Client would necessarily be accepted by the income-tax authorities under the IT Act. No representation is made either by the Portfolio Manager or any employee, partner or agent of the Portfolio Manager in regard to the acceptability or otherwise of the above position regarding taxation of the Client by the income tax authorities under the IT Act. Prospective Investors are urged to consult their own tax advisers in this regard.

## **9. Accounting policies**

Following accounting policies are followed for the portfolio investments of the Client:

### **A. Client Accounting**

- (1) The Portfolio Manager shall maintain a separate Portfolio record in the name of the Client in its book for accounting the assets of the Client and any receipt, income in connection therewith as provided under Regulations. Proper books of accounts, records, and documents shall be maintained to explain transactions and disclose the financial position of the Client's Portfolio at any time.
- (2) The books of account of the Client shall be maintained on an historical cost basis.
- (3) Transactions for purchase or sale of investments shall be recognised as of the trade date and not as of the settlement date, so that the effect of all investments traded during a Financial Year are recorded and reflected in the financial statements for that year.
- (4) All expenses will be accounted on due or payment basis, whichever is earlier.
- (5) The cost of investments acquired or purchased shall include brokerage, stamp charges and any charges customarily included in the broker's contract note. In respect of privately placed debt instruments any front-end discount offered shall be reduced from the cost of the investment. Sales are accounted based on proceeds net of brokerage, stamp duty, transaction charges and exit loads in case of units of mutual fund. Securities transaction tax, demat charges and Custodian fees on purchase/ sale transaction would be accounted as expense on receipt of bills. Transaction fees on unsettled trades are accounted for as and when debited by the Custodian.
- (6) Tax deducted at source (TDS) shall be considered as withdrawal of portfolio and debited accordingly.

### **B. Recognition of portfolio investments and accrual of income**

- (7) In determining the holding cost of investments and the gains or loss on sale of investments, the "first in first out" (FIFO) method will be followed.
- (8) Unrealized gains/losses are the differences, between the current market value/NAV and the historical cost of the Securities. For derivatives and futures and options, unrealized gains and losses will be calculated by marking to market the open positions.
- (9) Dividend on equity shares and interest on debt instruments shall be accounted on accrual basis. Further, mutual fund dividend shall be accounted on receipt basis.
- (10) Bonus shares/units to which the security/scrip in the portfolio becomes entitled will be recognized only when the original share/scrip on which bonus entitlement accrues are traded on the stock exchange on an ex-bonus basis.
- (11) Similarly, right entitlements will be recognized only when the original shares/security on which the right entitlement accrues is traded on the stock exchange on the ex-right basis.
- (12) In respect of all interest-bearing Securities, income shall be accrued on a day-to-day basis as it is earned.

- (13) Where investment transactions take place outside the stock exchange, for example, acquisitions through private placement or purchases or sales through private treaty, the transactions shall be recorded, in the event of a purchase, as of the date on which the scheme obtains an enforceable obligation to pay the price or, in the event of a sale, when the scheme obtains an enforceable right to collect the proceeds of sale or an enforceable obligation to deliver the instruments sold.

### **C. Valuation of portfolio investments**

- (14) Investments in listed equity shall be valued at the last quoted closing price on the stock exchange. When the Securities are traded on more than one recognised stock exchange, the Securities shall be valued at the last quoted closing price on the stock exchange where the security is principally traded. It would be left to the portfolio manager to select the appropriate stock exchange, but the reasons for the selection should be recorded in writing. There should, however, be no objection for all scrips being valued at the prices quoted on the stock exchange where a majority in value of the investments are principally traded. When on a particular valuation day, a security has not been traded on the selected stock exchange, the value at which it is traded on another stock exchange may be used. When a security is not traded on any stock exchange on a particular valuation day, the value at which it was traded on the selected stock exchange or any other stock exchange, as the case may be, on the earliest previous day may be used provided such date is not more than thirty days prior to the valuation date.
- (15) Investments in units of a mutual fund are valued at NAV of the relevant scheme. Provided investments in mutual funds shall be through direct plans only.
- (16) Debt Securities and money market Securities shall be valued as per the prices given by third party valuation agencies or in accordance with guidelines prescribed by Association of Portfolio Managers in India (APMI) from time to time.
- (17) Unlisted equities are valued at prices provided by independent valuer appointed by the Portfolio Manager basis the International Private Equity and Venture Capital Valuation (IPEV) Guidelines on a semi-annual basis.
- (18) In case of any other Securities, the same are valued as per the standard valuation norms applicable to the mutual funds.

The Investor may contact the customer services official of the Portfolio Manager for the purpose of clarifying or elaborating on any of the above policy issues.

The Portfolio Manager may change the valuation policy for any particular type of security consequent to any regulatory changes or change in the market practice followed for valuation of similar Securities. However, such changes would be in conformity with the Regulations.

## 10. Investors services

### (i) Investor Relations Officer:

Name, address and telephone number of the investor relations officer who shall attend to the investor queries and complaints:

|                     |  |
|---------------------|--|
| <b>Name:</b>        | Ms. Grishma Shah   |
| <b>Email:</b>       | Mail to: <a href="mailto:compliance@growthfiniti.com">compliance@growthfiniti.com</a>            |
| <b>Address:</b>     | Unit No 4, Ground Floor, Senior Estate, 7/C Parsi Panchayat Road, Andheri (East), Mumbai 400 069 |
| <b>Telephone No</b> | +91 7715982515   |

### (ii) Grievance Redressal and Dispute Settlement Mechanism:

The Portfolio Manager has in place a dedicated system for addressing all complaints regarding service deficiencies or causes for grievance, for whatever reason, in a reasonable manner and time.

#### Communication Details of Officer for Client Complaints and Queries:

|              |  |
|--------------|--|
| Name         | Ms. Grishma Shah   |
| ssE-mail     | Mail to: <a href="mailto:compliance@growthfiniti.com">compliance@growthfiniti.com</a>          |
| Address      | UnitNo 4, Ground Floor,Senior Estate, 7/C Parsi Panchayat Road, Andheri (East), Mumbai 400 069 |
| Telephone No | +91 7715982515   |

The aforesaid personnel of the Portfolio Manager shall attend to and address any Client query or concern within 21 days as required by SEBI. The above details are also available on the website viz. <https://www.Growthfinitiamc.com/>

### (iii) Grievance and Settlement Mechanism through SEBI Complaints Redressal System Platform (SCORES):

Further, in case the resolution provided by the Portfolio Manager is not satisfactory, the matter may be referred to SEBI through the SEBI Complaints Redress System platform ("SCORES"). On receipt of complaints through SCORES, SEBI takes up the matter with the concerned market intermediary and follows up with them. <https://scores.sebi.gov.in/>

Any action taken by the Portfolio Manager is not taken as complete if the relevant details/ supporting documents are not uploaded on SCORES and consequently the complaint will continue to be treated as pending.

A complaint shall be treated as resolved/ disposed/ closed only when SEBI disposes/ closes the complaint in SCORES. Hence mere filing of Action Taken Report ("ATR") with respect to the complaint will not mean that the complaint is not pending against them.

Failure by the Portfolio Manager to file ATR under SCORES within 21 days of receipt of the grievance shall not only be treated as failure to furnish information to SEBI but shall also be deemed to constitute non-redressal of investor grievance.

Notwithstanding the above, the client has the right to raise an arbitration request using the Online Dispute Resolution mechanism introduced by SEBI on the ODR portal viz. [smartodr.in](http://smartodr.in).

### **11. Details of diversification policy of the portfolio manager**

The portfolio manager asset allocation would primarily be in equities. The remaining portfolio allocation may be invested in bank balances/liquid mutual funds/Fixed Incomes/ETF instruments as per the portfolio manager's discretion. The emphasis would be to invest in fundamentally sound, well researched companies having bright future prospects irrespective of market capitalization. The portfolio would be spread across sectors and market capitalization and hence risk would be diversified.

**Part-II- Dynamic Section**

**12. Client Representation**

## CERTIFICATE

The Board of Directors,

**Growthfiniti Wealth Private Limited**

Unit No 4, Ground Floor, Senior Estate,  
Parsi Panchayat Road, Andheri East,  
Mumbai 400069

1. You have requested to us to provide a certificate on the Disclosure Document for Portfolio Management Services ("the Disclosure Document") of **Growthfiniti Wealth Private Limited** ("the Company"). We understand that the Disclosure Document is required to be submitted to the Securities and Exchange Board of India ("the SEBI").
2. Preparing the Disclosure Document in compliance with the Securities and Exchange Board of India (Portfolio Managers) Regulations, 2020 ("the SEBI Regulations") and the Master Circular issued by SEBI dated July 16, 2025; is the responsibility of the management of the Company. Our responsibility is to report in accordance with the Guidance note on Audit Reports and Certificates for special purposes issued by the Institute of Chartered Accountants of India. Further, our scope of work did not involve us performing audit tests for the purpose of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statement taken as a whole. We have not performed an audit, the objective of which would be the expression of an opinion on the financial statement, specified elements, accounts or items thereof, for the purpose of this certificate. Accordingly, we do not express such opinion.
3. In respect of the information given in the Disclosure document, we state that:
  - i. The list of persons classified as Associates or group companies and list of related parties are relied upon as provided by the Company.
  - ii. The Promoters and director's qualification, experience, ownership details are as declared by them and have been accepted without further verification.
  - iii. We have relied on the representations given by the management of the company about the penalties or litigations against the Portfolio Manager mentioned in the Disclosure document.
  - iv. We have relied on the representation made by the management regarding the Assets under management of Rs. 22.35 crores as on May 31, 2026.

4. Read with above and on the basis of our examination of the books of accounts, records, statements produced before us and to the best of our knowledge and according to the information, explanations and representations given to us, we certify that the disclosures made in the Disclosure Document dated June 15, 2026 are true and fair in accordance with the disclosure requirements laid down in Regulation 22 read with Schedule V to the SEBI Regulations. A management certified copy of the disclosure document is enclosed herewith.

This certificate is intended solely for the use of the management of the Company for the purpose as specified in paragraph 1 above.
